Demattè Private Equity Award: Wiit Spa is a winning investment

Milan, 18 December 2017 – Wiit Spa, one of the leading Italian players in the Cloud Computing services market for companies that is specialized on Hybrid Cloud and Hosted Private Cloud services for critical applications, has been acknowledged by the jury of the Demattè Private Equity Award 2017 as a winning investment.

Indeed, Hat Orizzonte was rewarded in the "expansion" category for its disinvestment from Wiit, which listed on Aim Italia at the beginning of June, allowing the fund to sold almost the entire 11% stake acquired in May 2013.

The jury highlighted how Wiit is now an Italian excellence in the provision of Hosted Private and Hybrid Cloud services and how the investment of Hat Orizzonte has allowed the company to acquire the resources needed to make investments for development and consolidation in Italy and to grow abroad.

"The award given to Orizzonte is a great recognition that rewards the commitment and the years of hard work of all our team that have led us to be listed on the AIM market of Borsa Italiana and to be recognized as one of the most winning investments on the market - confirmed Alessandro Cozzi, CEO of Wiit - Our work, however, is not over. This is, in fact, only the starting point for a further step of development of our company both in Italy and abroad".

WIIT S.p.A.

WIIT S.p.A., a company listed on the AIM Italia / Alternative Capital Market (WIIT.MI) market organized and operated by Borsa Italiana S.p.A, is one of Italy's leading players in the Cloud Computing market and, in particular, in the sectors of the Hybrid Cloud and of the Hosted Private Cloud for businesses. It is focused and specialized in Hosted Private and Hybrid Cloud services for businesses requiring the management of critical applications and business continuity, and runs all the leading international application platforms (SAP, Oracle, and Microsoft) with an end-to-end approach. WIIT operates proprietary data centres; its flagship is "Tier IV" certified by Uptime Institute LLC in Seattle (United States) – the highest level of reliability – and, with particular reference to SAP, is among the world's most-certified SAP partners.
