

PRESS RELEASE

WIIT: has renewed its multi-year agreement, including new Cyber Security services, with Alcantara S.p.A. for €8.5 million.

Milan, December 19, 2019 – WIIT S.p.A., one of the main Italian players in Cloud Computing services for companies, focused on supplying continuing Hybrid Cloud and Hosted Private Cloud services for critical applications, communicates that it has renewed the multi-year agreement, including new Cyber Security services, with Alcantara S.p.A., for a total value of €8.5 million.

Alcantara S.p.A., Italian leader in Luxury Process Manufacturing, of the material of the same name used for High End productions in the Automotive, Aviation, Yacht and Interior design sectors, has confirmed its trust in Wiit signing the new agreement for all the Private Cloud and Business Continuity services of the SAP systems, application systems supporting the continuous production cycle H24, and the SAP Application Management and Digital Process Outsourcing systems. To further increase the company's digital security, new innovative Cyber Security Cloud services have been included in the agreement, to protect processes and company data in "Platform as a Service" mode.

"We are very satisfied with Alcantara's renewed trust in Wiit. It has been using our services for more than fifteen years now. This choice confirms our leadership position in technological innovation to support companies with critical business processes like Alcantara, whose products are used in several Luxury world High End segments". – commented Alessandro Cozzi, CEO of WIIT.
