

PRESS RELEASE

WIIT signs a new agreement for the extension of Managed Hybrid Cloud services with a leading company in the Digital trust Services market.

The 5 years agreement has a total value of more than Euro 2.9 million.

Milan, 24 March 2025 – WIIT S.p.A. (“WIIT” or the “Company”; ISIN IT0005440893; WIIT.MI), one of the leading European players in the market of Cloud Computing services for enterprises focused on the provision of continuous *Private and Hybrid Cloud* services for critical applications, has signed a **five-year agreement**, for a **total value of more than Euro 2.9 million**, with a leading company in the Digital trust Services market (the “Client”). The agreement provides an extension of **Managed Hybrid Cloud services** to support the Cloud strategy adopted by the Client.

This contract supports the Client's growth needs by extending all Private Cloud services to protect its core data and processes, with the aim of undertaking the transition to WIIT's Secure Cloud model.

To ensure the maximum reliability, the Client's business critical applications will be hosted and managed inside the Premium Zones in WIIT's European Regions, where 3 from Uptime Institute Tier IV certified Data Centers are present.

With systems managed by WIIT and 24/7 support, ensuring usability and efficiency of business-critical processes, continues the transformation of the adopted service model, oriented to ensure resilience and scalability to support digital transformation processes.

“The extension of this agreement confirms the strength of our partnership and the value of our Secure Cloud model in the Professional Services sector. An agile, secure and functional model capable of responding strategically to the evolving needs of this sector”. Commented **Alessandro Cozzi, CEO of WIIT**.

WIIT S.p.A.

WIIT S.p.A., a company listed on the Euronext Star Milan (“STAR”) segment, is a leader in the Cloud Computing market. The company has a pan-European footprint and is present in key markets, such as Italy, Germany and Switzerland, positioning itself among the leading players in the provision of innovative Private and Hybrid Cloud technology solutions. WIIT operates through managed processes, specialised resources and technology assets including proprietary data centres spread across 7 regions: 4 in Germany, 1 in Switzerland and 2 in Italy, 2 of which are Premium Zone enabled, i.e. with Tier IV certified data centres by the Uptime Institute and the highest levels of security by design. WIIT has 6 SAP certifications at the highest level of specialisation. Its end-to-end approach enables the company to provide its partner companies with customised, high

value-added services with the highest security and quality standards for the management of critical applications and business continuity, while guaranteeing maximum reliability in the management of the main international application platforms (SAP, Oracle and Microsoft). Since 2022, the WIIT Group has joined the UN Global Compact. (www.wiit.cloud)
