

## PRESS RELEASE

### **WIIT signs five-year agreement worth over €2.1 million with a global leader in the fashion industry: data security and sovereignty guaranteed in Europe**

**Milan, 17 December 2025 – WIIT S.p.A.** (“WIIT” or the “Company”; ISIN IT0005440893; WIIT.MI), one of the leading European players in the market of Cloud Computing services for enterprises focused on the provision of continuous *Private and Hybrid Cloud* services for critical applications, announces the signing of a **new 5-year contract** for *Private Cloud* and *Disaster Recovery* services with a major group (the “Customer”), **for a total value of over €2.1 million**.

The Customer has chosen to rely on the solution based on WIIT's proprietary European infrastructure, preferring it to that of an international hyperscaler, which guarantees full data sovereignty in Europe, high reliability, and rigorous security standards.

The service will be delivered through a high-performance architecture designed to ensure operational continuity. The solution, hosted in WIIT's European *Cloud Regions*, involves the use of TIER IV certified data centers, the highest level of reliability defined by the Uptime Institute: the Production and Business Continuity sites will be located in the Italian and German *Premium Zones*, significantly increasing the level of resilience of the customer's business processes. This configuration also helps mitigate geopolitical risk, ensuring uncompromising protection and total operational continuity. These are fundamental elements for managing critical processes, where rapid response times, protection of sensitive information, and the ability to support complex operational flows are key factors for success.

*“This new agreement once again demonstrates WIIT's ability to establish itself as a leading technology partner for top companies that demand high performance standards and require customized, secure cloud solutions that comply with European regulations. It further strengthens our presence and reputation in competitive and dynamic markets.”* comments **Alessandro Cozzi, CEO of WIIT**.

## **WIIT S.p.A.**

*WIIT S.p.A., a company listed on the Euronext Star Milan ("STAR") segment, is a leader in the Cloud Computing market. The company has a pan-European footprint and is present in key markets, such as Italy, Germany and Switzerland, positioning itself among the leading players in the provision of innovative Private and Hybrid Cloud technology solutions. WIIT operates through managed processes, specialised resources and technology assets including proprietary data centres spread across 7 regions: 4 in Germany, 1 in Switzerland and 2 in Italy, 3 of which are Premium Zone enabled i.e. with guaranteed high availability, maximum levels of resilience and security by design; two of these host data centres certified Tier IV by the Uptime Institute. WIIT has 6 SAP certifications at the highest level of specialisation. Its end-to-end approach enables the company to provide its partner companies with customised, high value-added services with the highest security and quality standards for the management of critical applications and business continuity, while guaranteeing maximum reliability in the management of the main international application platforms (SAP, Oracle and Microsoft). Since 2022, the WIIT Group has joined the UN Global Compact. ([www.wiit.cloud](http://www.wiit.cloud))*
