

PRESS RELEASE

WIIT: Renewal of two contracts signed for a total value of over €8.5 million, including a five-year agreement worth over €2.7 million with a large-scale retail company for SAP and cybersecurity services and a two-year agreement worth €5.8 million with an oil & gas operator

Milan, 29 December 2025 – WIIT S.p.A. (“WIIT” or the “Company”; ISIN IT0005440893; WIIT.MI), one of the leading European players in the market of Cloud Computing services for enterprises focused on the provision of continuous *Private and Hybrid Cloud* services for critical applications, **announces the renewal of two contracts for a total value of over €8.5 million:**

- **The first contract, with a five-year term, was signed with a leading client operating in the consumer electronics and home appliances retail sector. The agreement, with a value of over €2.7 million,** strengthens a strategic partnership aimed at the integrated and secure management of the Client’s entire SAP ecosystem, ensuring 24/7 operational continuity and an advanced service model integrating business continuity and cybersecurity. The renewal includes the management and protection of SAP platforms hosted in certified, high-performance cloud environments, supported by specialist administration and monitoring services, as well as advanced data replication and recovery solutions. Key elements include backup immutability to protect against data loss and ransomware attacks, and the adoption of a second Tier IV–certified data center in the Premium Zone Italy North-West, further enhancing the resilience and reliability of production systems. In the cybersecurity area, the agreement also includes managed Endpoint Detection and Response (EDR) and Vulnerability Management services, ensuring continuous and active protection against cyber threats.
- **The second contract concerns the renewal of a two-year agreement with a client operating in the oil & gas sector. The agreement, with a total value of €5.8 million,** covers the management and 24/7 operational continuity of the Client’s mission-critical IT systems, including SAP environments, as well as the provision of cloud services supporting the Client’s main business applications. The renewal provides for an advanced service model focused on infrastructure reliability and resilience, integrating business continuity and cybersecurity components to safeguard the availability, security, and operational stability of the Client’s IT platforms.

*“The renewal of these agreements with two leading operators in the large-scale retail and oil & gas sectors confirms the strength of WIIT’s strategy, which has always been focused on ensuring maximum availability and security of SAP systems 24 hours a day, 7 days a week. This achievement confirms our clients’ trust in our ability to support them in their digital transformation journey and to help them successfully address the challenges of innovation and data protection, ensuring operational continuity, performance, and protection of digital assets”. **Commented Alessandro Cozzi, CEO of WIIT.***

WIIT S.p.A.

WIIT S.p.A., a company listed on the Euronext Star Milan (“STAR”) segment, is a leader in the Cloud Computing market. The company has a pan-European footprint and is present in key markets, such as Italy, Germany and Switzerland, positioning itself among the leading players in the provision of innovative Private and Hybrid Cloud technology solutions. WIIT operates through managed processes, specialised resources and technology assets including proprietary data centres spread across 7 regions: 4 in Germany, 1 in Switzerland and 2 in Italy, 3 of which are Premium Zone enabled i.e. with guaranteed high availability, maximum levels of resilience and security by design; two of these host data centres certified Tier IV by the Uptime Institute. WIIT has 6 SAP certifications at the highest level of specialisation. Its end-to-end approach enables the company to provide its partner companies with customised, high value-added services with the highest security and quality standards for the management of critical applications and business continuity, while guaranteeing maximum reliability in the management of the main international application platforms (SAP, Oracle and Microsoft). Since 2022, the WIIT Group has joined the UN Global Compact. (www.wiit.cloud)
