

## PRESS RELEASE

**WIIT announces the renewal of a contract worth approximately EUR 2.6 million with a major Italian group specializing in system integration and application development at an international level**

**The agreements will last for five years and will cover Secure Cloud services both in the SAP domain and for applications developed by the Client**

**Milan, 18 November 2024 – WIIT S.p.A.** (“WIIT” or the “Company”; ISIN IT0005440893; WIIT.MI), one of the leading European players in the market of *Cloud Computing* services for enterprises, focused on the provision of continuous *Hybrid* and *Hosted Private Cloud* services for critical applications, announces that it has signed a **five-year contract renewal** with one of the leading Italian groups active in the System Integration market and in the application development (the “Client”), specialized in ERP and management solutions. The agreement, **worth a total of approximately EUR 2.6 million**, provides for **the provision of WIIT Cloud Services for SAP and the management applications developed by the Client delivered in SaaS mode and used by leading Italian and international companies, thanks to the Secure Cloud model.**

The Client chose WIIT's services, renewing their trust for the next 5 years and confirming their already active and long-established partnership in the field of *Private Cloud*. In addition, the collaboration was expanded with the aim of undertaking the transition to the *Secure Cloud* model to protect its core data and processes for itself and its customers.

In order to ensure maximum reliability, the agreement provides for the provision of *Premium Cloud Services* for the Client's and its customers' *business-critical* applications, which will be hosted and managed within the *Premium Zone* of the *North/West Region* in Italy. In addition, the Client has chosen to activate *Disaster Recovery* services on almost the entirety of its infrastructure, thus ensuring more effective operational continuity, resilience, and usability in support of key business processes.

**Alessandro Cozzi, CEO of WIIT**, commented: *"The confirmation and extension of this agreement in the Professional Services sector testifies to the reliability and value of our Secure Cloud proposition, particularly appreciated by companies that in turn offer services to their own customers. In an increasingly dynamic and fast-growing market context, WIIT's positioning and our diversified offer represent a reference point in the Italian landscape, supporting companies from multiple sectors with tailor-made solutions that guarantee the continuity of business-critical applications, thanks to the maximum reliability and resilience of our Premium Cloud services."*
