Description of Michgehl & Partner

Michgehl & Partner has been operating on the German market for over 25 years as a specialised IT player for law firms. Established as a consulting and software provider, today it is the cloud provider of choice for the legal sector, thanks to a dedicated web platform offering a data centre and a range of cloud services designed exclusively for law firms.

The service portfolio is focused on cloud solutions, enhanced by specialised consulting and training, thus ensuring an extremely low customer churn rate. With annual revenues of approximately Euro 4.5 million, mainly recurring and multi-year revenues, 31 employees and an expected adjusted EBITDA for 2024 of approximately Euro 0.8 million, Michgehl & Partner is recognised as a leader in its market.

Transaction details

The transaction will be conducted through WIIT AG, a full subsidiary of WIIT S.p.A.

The agreed price is provisionally set at Euro 5.4 million, which will then be subject to adjustment based on net financial position values at the time of closing. The payment of an earn-out of Euro 0.3 million is envisaged, contingent upon the achievement of the targets set for 2024.

This agreement implies an estimated EBITDA multiple for 2024 of less than 7 times, before assumed synergies.

The agreement also provides for the seller to make representations and warranties, which are customary in this type of transaction. The transaction is expected to close at the end of this month.

Effect of the Transaction on WIIT

This acquisition will allow WIIT to:

- strengthen its indirect services division, already started with the previous acquisition of Lansol GmbH;
- expand its portfolio with more than 300 law firms with between 5 and 50 employees;
- **generate Euro 1.0 million in cost synergies** from the consolidation of data centres and optimisations on suppliers and staff.

WIIT was assisted in the legal aspects of the transaction by PedersoliGattai and the German firm BROCK MÜLLER ZIEGENBEIN; PwC acted as tax and accounting advisor. Sène & Cie assisted WIIT in identifying the target.
