

PRESS RELEASE

WIIT:

Early renewal of four-year contract with additional Cyber Security services for a total value of approximately Euro 6.4 million signed with an Italian multinational company

Milan, 27 December 2023 – **WIIT S.p.A.** ("WIIT" or the "Company"; ISIN IT0005440893; WIIT.MI), one of the leading European operators in the market of cloud computing services for enterprises, focused on the provision of continuous Hybrid and Private Cloud services for critical applications, has signed the **early renewal of its four-year contract**, extending the scope thereof with additional Cyber Security services, for a **total value of approximately Euro 6.4 million**, with a leading Italian multinational company (the "Client") active in the research, design, production and sale of creative expression tools.

The Client confirmed its trust in WIIT Private Cloud services, renewing the contract in advance of the natural expiration of the existing agreements, thus ensuring the continuity of existing activities and confirming the collaboration for the next 4 years. The Client entrusted WIIT again with the management of its information systems with Disaster Recovery solutions with a very high security profile.

In detail, the new contract scope envisages an extension of the collaboration towards a Secure Cloud model through Cyber Security services to protect its data in the production and operational sites in Italy, the USA, the UK, France and Spain in particular through a managed SOC and EDR service, more effective vulnerability control through Vulnerability Management and very high resilience through a backup that guarantees data immutability.

Alessandro Cozzi, CEO of WIIT, has declared: "We are honored to be able to reconfirm in advance until 2027 this collaboration with such a major multinational company. The agreement confirms how increasingly decisive it is for large companies that need to ensure continuity of their activities the choice to rely on a European cloud provider with an excellent Secure Cloud offering as WIIT. Thanks to our Private Cloud services provided in the Italy North/West Region, the Client will be able to guarantee operations with even greater reliability and security."

WIIT S.p.A.

WIIT S.p.A., a company listed on the Euronext Star Milan ("STAR") segment, is a leader in the cloud computing market. The company has a pan-European footprint and is present in key markets such as Italy and Germany, positioning itself among the main operators in the provision of innovative Hosted Private and Hybrid Cloud technological solutions. WIIT operates its own data centers in 6 regions - 4 in Germany and 2 in Italy - of which 2 are Premium Zone-enabled, i.e. with Tier IV data centers certified by the Uptime Institute and with the highest levels of security in the design phase. WIIT has 6 SAP certifications at the highest level of specialisation. The end-to-end approach allows the company to provide partner companies with personalised services, with high added value and with the highest safety and quality standards for the management of critical applications and
