*This press release contains forecasts and estimates that reflect the current views of the Group's management regarding future events. Forecasts and estimates are typically identified by expressions such as "it is possible", "it should be", "it is forecast", "it is expected", "it is estimated", "it is believed", "it is intended", "it is planned", "objective" or by the negative use of these expressions or other variations of these expressions or by the use of comparable terminology. These forecasts and estimates include, but are not limited to, all information other than factual information, including, without limitation, that relating to the Group's future financial position and operating results, strategy, plans, objectives and future developments in the markets in which the Group operates or intends to operate. As a result of such uncertainties and risks, readers are cautioned not to place undue reliance on such forward-looking information as a prediction of actual results. The Group's ability to achieve its expected results depends on many factors beyond management's control. Actual results may differ significantly from (and be more negative than) those predicted or implied by the forecast data. These forecasts and estimates involve risks and uncertainties that could have a material impact on expected results and are based on basic assumptions. The forecasts and estimates made therein are based on information available to the Group as of today. The Group does not undertake any obligation to publicly update and revise forecasts and estimates as a result of the availability of new information, future events or otherwise, except as provided by applicable laws.*
