

## PRESS RELEASE

**WIIT announces the extension and six-year renewal of its contract with a major Italian group operating in the Professional Services sector.**

**The agreement has a total value of approximately Euro 5.0 million, of which Euro 1.9 million is for the extension to new Private Cloud services.**

**Milan, 9 January 2025 – WIIT S.p.A.** (“WIIT” or the “Company”; ISIN IT0005440893; WIIT.MI), one of the leading European players in the market of Cloud Computing services for enterprises focused on the provision of continuous *Private and Hybrid Cloud* services for critical applications, announces the signing a **new contract, worth a total of approximately Euro 5.0 million for six years**, with one of Italy's leading groups active in the Professional Services market (the ‘Client’), specialised in ERP and management solutions. The agreement involves **the evolution of the Customer's current Private Cloud model, already provided by WIIT, towards a more reliable Secure Private Cloud model.**

The Client has renewed its trust in WIIT for the next six years, reconfirming and extending *all Private Cloud and Cyber Security* services to protect its data and core processes, with the aim of undertaking the transition to the *Secure Cloud* model.

In order to guarantee maximum reliability, the agreement, **worth around Euro 5.0 million**, includes the complete technological renewal of the systems hosting all the business critical applications of the Customer and its Partners, which will be hosted and managed within the *Premium Zone* of WIIT's *North/West Region* in Italy, where there are two Data Centres certified Tier IV by the Uptime Institute.

In addition, the customer has chosen to further expand the infrastructure and systems hosted in the *Private Cloud* by activating *Disaster Recovery* services to ensure more effective business continuity, resilience and usability of key business processes. This extension is worth **Euro 1.9 million**.

*“The confirmation and extension for six years of this agreement in the Professional Services sector, witness the need of our customers and partners to take a long-term view, especially with regard to the strategic aspects of resilience and security of digital processes”* commented **Alessandro Cozzi, CEO of WIIT**. *“Our Secure Cloud proposition is particularly appreciated by companies that themselves offer a SaaS model to their customers, indeed it allows them to further increase the level of service offered in the area of security and resilience”*.
