WIIT announces the signing of a new five-year contract for Secure Cloud services worth over Euro 7 million with Italy's leading manufacturer and marketer of technical and medical gases and Healthcare

Milan, 15 May 2024 – WIIT S.p.A. ("WIIT" or the "Company"; ISIN IT0005440893; WIIT.MI), one of the main European players in the Cloud Computing services market for enterprises, focused on the provision of continuous Hybrid and Hosted Private Cloud services for critical applications, has announced today the signing of a new **5-year contract**, for a **total value of over Euro 7 million**, with an important Italian company (the "Client"), operating in the medical sector.

The Customer will rely on WIIT for the next 5 years, a partner chosen for the high reliability of its services, consolidated over time thanks to many years of experience in the Cloud and critical applications sector. The solutions offered by WIIT, characterised by specific and customisable functionalities, are decisive in guaranteeing a level of security in line with the strictest standards required in the medical sector. The health sector is characterised by the need for an effective information management system both in terms of privacy and confidentiality and the large amount of sensitive data processed. It is a complex system that requires a proactive approach to managing sector-specific applications, which WIIT is able to offer thanks to its proven expertise in creating highly effective cyber attack mitigation strategies.

The signed agreement provides for the migration of the Client's information systems to the WIIT Cloud. The Client's critical applications, including the SAP platform, crucial for ensuring the management and confidentiality of sensitive data, will be managed and hosted in high reliability in the Premium Zone Italy North-West. The contract will provide the Client with proactive support 7 days a week, 24 hours a day. In addition, with the activation of the Disaster Recovery capabilities provided by the Standard Zone North-East, usability, resilience and continuity, essential factors in critical business processes, are ensured.

"We are excited to announce this new agreement in the healthcare sector, which demonstrates how the importance of relying on Cloud operators such as WIIT continues to grow, particularly in a sector as sensitive and highly complex as the medical sector. It is, in fact, a sector that can now fully appreciate all the benefits for the security and protection of sensitive data, as well as the compliance of a hybrid Secure Cloud model, supporting people's health-critical services," commented **Alessandro Cozzi, CEO of WIIT.**
