- Focus on Cloud, optimized processes and operating services organization on organic base;
- **Adjusted Operating Costs of approximately 37.3 M€** show an increase of 5.5 M€ mainly attributable to the consolidation of the companies acquired in Germany and Swiss, only partially offset by the cost synergies from the mergers in Italy and Germany. The effect of the cost synergies related to the new acquisitions will be reflected in the numbers in the next 12 months
- **Adjusted Personnel Costs of approximately 34.8 M€** show an increase of 9.7 M€; this change is almost entirely attributable to the impact of new acquisitions and, to a lesser extent, to investments in the corporate and commercial structure supporting business development
- **EBITDA Margin Adj. at 37.0% (Margin like for like at 41.6% vs 39.2% in 9M 2023):**

# ESG Plan 2030: the Group's sustainability goals

In line with the indications of the new **GRI Standard 2021**, the document has been drafted to highlight the performance and progress of the initiatives carried out by the Group in relation to WIIT's material ESG issues and, not least, to provide the organisation's stakeholders with an accurate, comprehensive and transparent account of the results achieved.

The document, for the third consecutive year, has received an **external assurance**.

# ESG Policy: our values and commitments

Our ESG Policy is a key element in the process of integrating sustainability into the Group's business. It sets out the 5 values that guide what we do, the way we do it and that represent us not only as a company, but also as individuals.

It lists the commitments that we intend to pursue to put sustainability at the heart of our growth process.

*“Sustainability cannot remain only a good intention: we intend to translate it into a **shared commitment** to achieve ambitious goals that will elevate us above the clouds”*

ALESSANDRO COZZI,  
CEO WIIT S.p.A.

# ESG Governance: roles and responsibilities

WIIT S.p.A. has put in place a governance structure which ensures sustainability at various levels of its organization. The Model relies on the following roles and corporate bodies

# ESG risks: sustainability and risk management integration

In February 2024, WIIT completed the **update of the Group Risk Assessment**.

This process ensures a gradual approach to the requirements of the new European Sustainability Reporting Standards (ESRS), with particular reference to the dual materiality analysis.

Based on the analyses conducted, **68 risks were identified, each of which was associated with a material ESG theme**.

# ESG Procurement Policy: a common effort towards a sustainable supply chain

WIIT is committed to minimising negative environmental and social externalities in its value chain.

The Policy introduces a **set of ESG criteria** to be integrated into supplier selection, management and monitoring processes. WIIT is committed to working only with entities that demonstrate that they conduct their business in line with a number of international principles, including:

- the Universal Declaration of Human Rights;
- the United Nations Guiding Principles on Business and Human Rights;
- the Fundamental Conventions of the International Labour Organisation.
