Disclaimer

This document has been prepared by WIIT S.p.A. (the “Company”) for information and discussion purposes only, it contains only summary information and, therefore, it is preliminary in nature. Furthermore, it has been drafted without claiming to be exhaustive.

This presentation (“Presentation”) is confidential and, as such, has not been prepared with a view to public disclosure and, except with the prior written consent of the Company, it cannot be used by the recipient for any purpose nor can it be disclosed, copied, recorded, transmitted, further distributed to any other person or published, in whole or in part, by any medium or in any form for any purpose. Therefore, the recipient undertakes vis-à-vis the Company (i) to keep secret any information of whatever nature relating to the Company and its affiliates including, without limitation, the fact that the information has been provided (“Information”), (ii) not to disclose any Information to anyone, (iii) not to make or allow any public announcements or communications concerning the Information and (iv) to use reasonable endeavors to ensure that Information are protected against unauthorized access.

This document is not an advertisement and in no way constitutes a proposal to execute a contract, an offer or invitation to purchase, subscribe or sell for any securities and neither it or any part of it shall form the basis of or be relied upon in connection with any contract or commitment or investments decision whatsoever. The Company has not prepared and will not prepare any prospectus for the purpose of the initial public offering of securities. Any decision to purchase, subscribe or sell for securities will have to be made independently of this Presentation. Therefore, nothing in this Presentation shall create any binding obligation or liability on the Company and its affiliates and any of their advisors or representatives.

This Presentation does not constitute an offer to the public in Italy of financial products, as defined under article 1, paragraph 1, letter (t) of legislative decree no. 58 of 24 February 1998, as amended.

This Presentation is not for distribution in, nor does it constitute an offer of securities for sale in the United States of America, Canada, Australia, Japan or any jurisdiction where such distribution is unlawful, (as such term is defined in Regulation S under the United States Securities Act of 1933, as amended (the “Securities Act”). Neither this Presentation nor any copy of it may be taken or transmitted into the United States of America, its territories or possessions, or distributed, directly or indirectly, in the United States of America, its territories or possessions or to any US person. Any failure to comply with this restriction may constitute a violation of United States securities laws.

No representation or warranty, express or implied, is or will be given by the Company as to the accuracy, completeness or fairness of any information contained in these materials and, so far as is permitted by law and except in the case of fraud by the party concerned, no responsibility or liability whatsoever is accepted for the accuracy or sufficiency thereof or for errors, omissions or misstatements, negligent or otherwise, relating thereto. In particular, but without limitation, no representation or warranty, express or implied, is or will be given as to the achievement or reasonableness of, and no reliance may be placed for any purpose on the accuracy or completeness of, any estimates, targets, projections or forecasts and nothing in these materials should be relied upon as a promise or representation as to the future.

The information and opinions contained in this document are provided as at the date hereof and are subject to change without notice. The recipient will be solely responsible for conducting its own assessment of the information set out in the Presentation. Neither the Company and its affiliates, nor any of their advisors or representatives shall be obliged to furnish or to update any information or to notify or to correct any inaccuracies in any information. Neither the Company and its affiliates, nor any of their advisors or representatives shall have any liability to the recipient or to any of its representatives as a result of the use of or reliance upon the information contained in this document.

Certain information contained in this Presentation may contain forward-looking statements which involve risks and uncertainties and are subject to change. In some cases, these forward-looking statements can be identified by the use of words such as “believe”, “anticipate”, “estimate”, “target”, “potential”, “expect”, “intend”, “predict”, “project”, “could”, “should”, “may”, “will”, “plan”, “aim”, “seek” and similar expressions. The forecasts and forward-looking statements included in this document are necessarily based upon a number of assumptions and estimates that are inherently subject to significant business, operational, economic and competitive uncertainties and contingencies as well as assumptions with respect to future business decisions that are subject to change. By their nature, forward-looking statements involve known and unknown risks and uncertainties, because they relate to events, and depend on circumstances, that may or may not occur in the future. Furthermore, actual results may differ materially from those contained in any forward-looking statement due to a number of significant risks and future events which are outside of the Company’s control and cannot be estimated in advance, such as the future economic environment and the actions of competitors and others involved on the market. These forward-looking statements speak only as at the date of this Presentation. The Company cautions you that forward looking-statements are not guarantees of future performance and that its actual financial position, business strategy, plans and objectives of management for future operations may differ materially from those made in or suggested by the forward-looking statements contained in this Presentation. In addition, even if the Company’s financial position, business strategy, plans and objectives of management for future operations are consistent with the forward-looking statements contained in this Presentation, those results or developments may not be indicative of results or developments in future periods. The Company expressly disclaims any obligation or undertaking to disseminate any updates or revisions to any forward-looking statements contained herein to reflect any change in the Company’s expectations with regard thereto or any change in events, conditions or circumstances on which any such statement is based.

By accepting this Presentation, you acknowledge and agree to be bound by the foregoing terms, conditions, limitations and restrictions.

WIIT at a glance

We aim to transform how companies manage their **Critical Applications with a **European Cloud** model designed to enhance **resilience** and **security**.**

The IV industrial revolution can only be achieved through the overcoming of the outdated technological models that do not allow efficiency, safety, scalability and performance.

Enable the
Digital Shift

We support clients to accelerate their business evolution with cloud-native technologies: experiencing the power of innovation through **WIIT Cloud Native Platform.**

WCNP is the answer to the request of cloud-native technologies that allow the companies to:

- *exploit an independent and robust Infrastructure as a Service*
- *simplify the management of the client Cloud Native Applications*
- *consume “as Code” all the services within WCNP*
- *provide to the client Cloud Native Applications extra reliability, security and portability.*

**WIIT European
Cloud Native
Platform
(WCNP)**

Market Analysis

Why Companies move to Cloud

Being global and digital
is imperative.

Being global means global
processes governance.

Governance and digital
mean tech performance,
data security and process
reliability.

BUSINESS RISKS

MARKET DRIVERS

Rapidly evolving technological landscape

The major transformative tech trends, including AI, IoT, remote and hybrid working, VR/AR,etc., **have led to the growing attention of European businesses to cloud migration** as the latter enables the adoption of these new technologies through the use of cloud infrastructure.

According to a recent survey of G-Core, **more than half of Dutch companies (60%) run or plan to run their AI workloads in the cloud** as it offers virtually unlimited scalability, collaboration, and cost savings while running AI on-premises can cause organisations to face technical limitations (lack of data centre space or high electrical power consumption).

Increasing use of PaaS solutions by European software Developers

The PaaS segment of the European cloud services market has been growing over the recent years. It is **forecasted to increase its share from 44% in 2020 to 54% in 2028**, given the growing demand from companies engaged in software development.

The primary benefit of PaaS is that it allows customers to build, test, deploy, run, update, and scale applications **more quickly and cost-effectively than they could if they had to build out and manage their own on-premises platform**. Besides IT, PaaS enables low-to no-risk testing and adoption of new technologies, simplified collaboration, and a more scalable approach.

Rising effort of stakeholders to enhance competition in the market

As the European cloud services market is highly concentrated around US-based hyperscalers, the EU authorities and other stakeholders (incl. local European cloud vendors) discover opportunities and develop solutions aimed at enhancing competition in the European market and, therefore, achieving **cloud sovereignty of the local businesses from the US and Chinese cloud service providers**.

To reduce the dependence on the 2-3 leading market players, the EU authorities have proposed several new regulations, such as the Data Act and the Digital Markets Act, addressing these issues. At the same time, European cloud companies join forces in coalitions and partnerships to strengthen their positions in cloud services.

Competitors' landscape by Business Model

Value Proposition

Why
complementary?

EUROPEAN PRIVATE CLOUD

- Single or multiple clients
- On-premises or off-premises
- Managed Services
- Fully Customizable
- Guaranteed SLA
- Highest Security standards (up to Tier IV)
- EU Full compliance Data Sovereignty
- Fully customizable Tech Performances
- Shared or fully private network

PUBLIC CLOUD

- Multiple clients
- Off-premises
- No Managed Services
- Limited Customizations
- Target SLA
- Low Security standards (No Tier IV)
- Limited Data Sovereignty
- Standard Tech Performances
- Shared network

Multicloud Model

Why multi cloud management matters

+17.3%

Revenues Adjusted

85.3 M€ vs 72.7 M€ in H1 2024

- Revenues increase mainly driven by ARR organic growth in Italy and Germany, as well as the contribution from the acquired companies/business units Edge&Cloud (4.2 M€), Econis AG (10.9 M€), and Michgehl & Partner (2.3 M€)*;
- Group Reported Recurring Revenues (ARR)** at 69.3 M€ +19.1% vs 1H 2024 (58.2 M €), +23.2% excluding churn, organic +4.9%, +9.1% excluding churn, of which:
 - Italy: **27.1 M€**, 90.3% of the total Revenues improving on H1 2024 (83.4%), registering an organic growth of +8.2% compared to H1 2024 (**+12.7% excluding churn**);
 - Germany **34.4 M€**, 91.8% of the total Revenues ex Gecko (98.2% in H1 2024, 96.1% in FY2024), registering a growth of +12,4% compared to H1 2024 of which 30.7 M€ organic, +0.5% compared to H1 2024 (**+4.7% excluding churn**);
 - Switzerland **7.8 M€**, 71.1% of the total Revenues (74.0% in H1 2024);
- The churn effect is mainly attributable to the strategic decision in Italy and in Germany to focus the portfolio on high value-added contracts with higher margins, in line with the premium positioning of the offering.

Financial Highlights

H1 2025

VS

H1 2024

+30.3%

EBITDA Adjusted*

34.8 M€ vs 26.7 M€ in H1 2024

EBITDA margin Adj. of 40.8% (45.4% Like for Like)

36.7% in H1 2024, 36.6% in FY 2024

- **Focus on Cloud, optimized processes and operating services organization on organic base;**
- **Adjusted Operating Costs of approximately 25.7 M€** show an increase of 1.5 M€, mainly attributable to the consolidation of the companies acquired in Germany and Switzerland, almost entirely offset by the cost synergies achieved through the mergers in Germany and the impact of cost synergies related to the new acquisitions, which have begun to be reflected in the H1 figures;
- **Adjusted Personnel Costs of approximately 24.6 M€** show an increase of 2.9 M€; this change is almost entirely attributable to the impact of new acquisitions;
- **The result highlights a strong expansion in profitability and a more than proportional increase compared to revenues, EBITDA Margin Adj. at 40.8%, Margin like for like at 45.4%, up by 870 bps vs H1 2024 of which:**
 - Italy **53.5%** (45.5% in H1 2024), registering a significant progress compared to the same period of the previous year up by 800 bps; due to the continuous focus on higher value-added services.
 - Germany **39.3%** (33.4% in H1 2024). The 'like for like' margin (excluding Edge&Cloud and Michgehl & Partners) in Germany is **42.4%** (33.4% in H1 2024) **and the 'like for like' margin exc. Gecko is 47.8%** (37.2% in H1 2024), 10.6pp higher than in the last year due to the increasing focus on higher value-added services.

Financial Highlights

H1 2025

VS

H1 2024

+33.0% **EBIT Adjusted***
18.5 M€ vs 13.9 M€ in H1 2024
EBIT margin Adj. of 21.6% (23.4% Like for Like)
(19.1% in H1 2024, 18.3% in FY 2024)

- Depreciation, amortisation and write-downs amounted to approximately 16.3 M€, up by 3.5 M€ compared to the same period of the previous year, reflecting the investments made in 2023 and 2024 to support Data Center capacity in Italy and Germany, as well as the impact of the companies acquired in 2024.
- Margin like for like at 23.4%, up by 430 bps vs H1 2024

+37.1% **Net Profit Adjusted****
10.0 M€ vs 7.3 M€ in H1 2024

- Financial Expenses at 4.3 M€, mainly attributable to the effect of interest on bonds in the amount of 2.3 €M and financial expenses for bank loans and other lenders.

Financial Highlights

H1 2025

VS

H1 2024

224.1 M€

Net debt

(including IFRS16* of 14.2 M€ and excluding the treasury shares value at June 30, 2025 of 31.6 M€)

(212.7 M€ as 31 December 2024 including IFRS16 of 11.4 M€ and excluding the treasury shares value as 31 December 2024 of 38.3 M€)

- Operating cash flow generation of 19.2 M€
- Purchase of treasury shares for 1.9 M€ ;
- CAPEX of approximately 20.5 M€ of which:
 - 13.1 M€ million related to the maintenance of existing infrastructure and the purchase of IT infrastructure linked to new contracts signed during the year, both in Italy and abroad;
 - 7.4 M€ mainly related to rental e right to use and the residual part to vehicles.
- Dividend distribution for 7.8 M€ ;
- Security deposit for the new building for 1 M €;
- Reorganization of personnel in Italy and Germany of 0.9 M€.

* Means any present and future indebtedness (whether being principal, interest or other amounts) in the form of, or evidenced or represented by, bonds, notes, debentures or other similar debt instruments which are, or are of a type (and with terms of a type), customarily quoted, listed or traded on any regulated or unregulated stock exchange, over-the-counter or other securities market

2024 Sustainability Statement

Sustainability beyond Cloud

WIIT's ESG journey and ambition

We **integrate sustainability** into our **daily business**.

We started our ESG journey **voluntarily and with a structured approach** nearly 5 years ago, with the publishing of 3 voluntary editions of our Sustainability Report, promoting stakeholder engagement activities and measuring ourselves on formalized goals to be **achieved by 2030**.

From FY2022, WIIT falls under the scope of application of the EU Non-financial Reporting Directive (NFRD Directive 2014/95/EU), which requires large listed companies with more than 500 employees to publish annually a **Non-Financial Statement**. In 2023 we published the **2nd edition of our Group Non-Financial Statement**.

From FY 2024, WIIT falls under the scope of application of the new Corporate Sustainability Reporting Directive (CSRD Directive 2022/2464), which sets out new rules and standard for European companies disclose their sustainability-related performance. Specifically, WIIT was among the first wave of companies to be complied to publish a **Sustainability Statement compliant with the European Sustainability Reporting Standards (ESRS)**. As set out by the Directive, the Statement is not a stand-alone document anymore, but it was integrated within WIIT's 2024 Annual Report.

ESG Plan 2030: the Group's sustainability goals

The ESG Plan is the Group's sustainability commitment between now and 2030.

16 long-term, measurable goals with intermediate targets to 2025, in line with the UN SDGs of the 2030 Agenda.

WIIT undertakes an annual monitoring of the progress of the goals and the related initiatives.

In 2024, the goals were integrated and updated to meet the requirements set out by the CSRD.

2023

2024

2024 Sustainability Statement

In line with the indications of the new **European Sustainability Reporting Standards (ESRS)**, the document has been drafted to highlight the performance and progress of the initiatives carried out by the Group in relation to WIIT's material ESG issues, to grant compliance with the CSRD directive and, not least, to provide the organization's stakeholders with an accurate, comprehensive and transparent account of the results achieved.

The document, for the fourth consecutive year, has received an **external assurance**.

Additionally, as required by the ESRS, for the first time WIIT carried out a **Double Materiality Assessment**, aimed at individuating the most relevant sustainability matters for the Group.

WIIT's first Double Materiality Analysis

NON-MATERIALITY RATIONALES

- **E2 Pollution** and **E4 Biodiversity** have been considered not material because WIIT's business processes do not involve pollution of any kind;
- **E3 Water** and marine resources are not a material topic since business processes minimally involve water consumption;
- Since WIIT's Tier 1 suppliers are large, well-established organizations with advanced approaches to social responsibility, topic **S2 Workers in the value chain** has been considered not material;
- **S3 Affected Communities**: in the countries in which it operates, WIIT does not provide accommodation to workers, and there are no significant IROs concerning communities' economic, social and cultural rights, nor concerning indigenous populations.

✓ **Validated by the Audit Firm**

2024 sustainability Statement: the document structure

ESG Policy: our values and commitments

Our ESG Policy is a key element in the process of integrating sustainability into the Group's business. It sets out the 5 values that guide what we do, the way we do it and that represent us not only as a company, but also as individuals.

It lists the commitments that we intend to pursue to put sustainability at the heart of our growth process.

*“Sustainability cannot remain only a good intention: we intend to translate it into a **shared commitment** to achieve ambitious goals that will elevate us above the clouds”*

ALESSANDRO COZZI,
CEO WIIT S.p.A.

ESG Governance: roles and responsibilities

WIIT in 2024 renewed its governance structure, ensuring higher efficiency in the integration of sustainability at various levels of its organization. The Model relies on the following roles and corporate bodies

ESG risks: sustainability and risk management integration

In February 2024, WIIT completed the **update of the Group Risk Assessment**.

This process ensures a gradual approach to the requirements of the new European Sustainability Reporting Standards (ESRS), with particular reference to the dual materiality analysis.

Based on the analyses conducted, **68 risks were identified, each of which was associated with a material ESG theme**.

Scope 2 Market Based¹ emissions

WIIT's contribution to a greener and more eco-friendly digital infrastructure

A location-based method reflects the average emissions intensity of grids on which energy consumption occurs (using mostly grid-average emission factor data).
A market-based method reflects emissions from electricity that companies have purposefully chosen (or their lack of choice).
Source: GHG Protocol - Scope 2 Guidance

ESG Procurement Policy: a common effort towards a sustainable supply chain

WIIT is committed to minimising negative environmental and social externalities in its value chain.

The Policy introduces a **set of ESG criteria** to be integrated into supplier selection, management and monitoring processes. WIIT is committed to working only with entities that demonstrate that they conduct their business in line with a number of international principles, including:

- the Universal Declaration of Human Rights;
- the United Nations Guiding Principles on Business and Human Rights;
- the Fundamental Conventions of the International Labour Organisation.

ESG Procurement Policy: Principles and key topics

Transparency	Responsability	Improvement
We guarantee the maximum transparency in the process of selection and evaluation of our suppliers.	We make our choices aware of the responsibility we have along the entire chain of Group value.	We involve our suppliers in continuous improvement processes, in order to spread best practices on the market .

From 2022 WIIT is a UN Global Compact signatory

WIIT has subscribed to the **UN Global Compact initiative**, a voluntary leadership platform for the development, implementation and spread of responsible business practices.

The platform invites companies to align their strategic operations with the **UNGC's Ten Principles on human rights**, labour, the environment and anti-corruption, and to act in support of the UN goals and issues embodied in the Sustainable Development Goals (SDGs).

Launched in 2000, the Global Compact is the **world's largest sustainability initiative**, created to assist the private sector in managing risks of increasing complexity and opportunities in the environmental, social and governance fields.

Highlights**

**FY 2024
vs**

FY 2023

+21.9% Revenues Adjusted*

158.6M€ vs 130.1 M€ in FY2023

- Increase driven by organic growth, guided by the development of higher value-added services, cross-selling to customers of the new acquired companies, the entry of new customers and the consolidation of the newly acquired Companies. Interest of many customers and prospects in WIIT fully managed, secure and premium region-based Cloud Native offering, leveraging on Tier IV data center
- **Group Recurring Revenues (ARR)** at 128.4 M€, 90.3% of the Total Revenues ex Gecko (+21.8% on FY2023), improving on 9M 2024:**
 - Italy 87.2% of the total Revenues improving on FY2023 and 9M 2024
 - Germany 96.1% of the total Revenues
 - Switzerland 67.9% of the total Revenues
- Continued development of the Commercial Pipeline in Italy and Germany in the Manufacturing, Digital Media, ISV and CPG sectors where the Group is increasing its own market share to support future development
- **Multi-year order backlog as at 1 January, 2025 at Euro 247.3 M€ significantly up of approx. 100.0 M€ from the same period of the last year, thanks to low churn rate and high new booking from 2024 sales both in Italy and Germany.**

*The Adjustment at Revenues level at 31 December 2024 refers to 1.8 M€ related to the negative goodwill component (*bargain purchase*) obtained from the difference between the price paid for the acquisition of Econis, and the value of the acquired company's assets, which is lower than the price paid.

** ARR: revenues reported related to 2024 from recurring services of companies operating in the Cloud and Cyber Security market in Italy (WIIT S.p.A.), Germany (WIIT AG, M&P, exc. Gecko) and Switzerland (Econis AG).

Financial Highlights

FY2024

VS

FY2023

+14.4%

Ebitda Adjusted*

58.0 M€ vs 50.8 M€ in FY2023

EBITDA margin Adj. of 36.6% (41.1% Like for Like) in FY2024

- Focus on Cloud, optimized processes and operating services organization on organic base;
- **Adjusted Operating Costs of approximately 51.9 M€** show an increase of 8.5 M€ mainly attributable to the consolidation of the companies acquired in Germany and Swiss, only partially offset by the cost synergies from the mergers in Italy and Germany. The effect of the cost synergies related to the new acquisitions will be reflected in the numbers in the next 12 months
- **Adjusted Personnel Costs of approximately 47.8 M€** show an increase of 13.9 M€; this change is almost entirely attributable to the impact of new acquisitions and, to a lesser extent, to investments in the corporate and commercial structure supporting business development
- **EBITDA Margin Adj. at 36.6% (Margin like for like at 41.1% vs 37.9% in FY 2023):**
 - Italy 46.1% (43.0% in FY 2023)
 - Germany 34.8% (33.8% in FY 2023). The 'like for like' margin (excluding Edge&Cloud and Michgehl & Partners) in Germany is 37.9% (33.8% in 2023) and the 'like for like' margin of WIIT AG exc. Gecko is 41.1% (36.1% in 2023), significantly higher than in the last year due to the increasing focus on higher value-added services.

* The Adjustment refers to the costs related to: stock option and stock grant plans for 0.6 M€, M&A transactions for 1.5 M€, personnel reorganisation for 0.9 M€, other non recurring cost for 0.1 M€ and to the bargain purchase effect of 1.8 M€ due to the acquisition of Econis AG.

Financial Highlights

FY 2024
